- Page 48 added new language that requires the IPA to submit a verified attestation with the total number of IPA Providers and the total number of IPA Providers that utilize Certified Electronic Health Record Technology (CEHRT) that meets the US Health and Human Services’ Office of the National Coordinator for Health Information Technology’s 2015 Edition Base EHR Definition requirements.
- Exhibit 2 (pages 64-83) describes the compensation terms of the agreement.
  - Page 65 - the risk adjusted capitation factors have been revised for the various HMO programs as cited.
  - Page 72 summarizes the Quality Improvement (QI) Funds available.

The report must include the Member Group and ID #, Member Name, assigned PCP, and in a format acceptable to the HMO. The report template can be found on the BCBSIL IPA Access Portal.

PRIMARY CARE PHYSICIAN SUMMARY ASSIGNMENT REPORT
Pursuant to Section C “IPA Responsibilities” Paragraph 9 “Reporting” Subparagraph g) of the MSA, the IPA must submit quarterly a list of PCPs with the number of members assigned to each, and a total number of unassigned members for the IPA. The report must include WPHCPs. If the IPA does not assign or track membership for WPHCPs – this must be indicated on the report. The report template can be found on the BCBSIL IPA Access Portal.

QUARTERLY CAPITATED – EMPLOYED (SALARIED) ENCOUNTER DATA ANALYSIS REPORT
Pursuant to Section C “IPA Responsibilities” Paragraph 9 “Reporting” Subparagraph b) of the MSA, the IPA must provide to the HMO a quarterly summary report of claims/encounters submitted and adjudicated for each capitated and employed Provider. This report template can be found on the BCBSIL IPA Access Portal.

PCP report (all PCPs should be included) - Create a spreadsheet that contains the following columns:
- PCP name, group practice name, specialty, license #, NPI #, Tax ID #
- Average current membership assigned to this PCP
- Number of claims received in the quarter
- Average number of claims adjudicated in the quarter – this is obtained by dividing the number of claims received in the quarter by the average current PCP membership
The Average number of claims adjudicated for each PCP should look similar to the other PCPs in that specialty. If the data for a particular PCP does not look within the range of the other values, then the IPA should investigate whether the PCP is not submitting complete claim/encounter data and document the IPA’s action plan for obtaining complete claim/encounter data (with follow up reports on action items in subsequent quarters).

Specialist/Ancillary provider report - Create a spreadsheet for each that contains the following columns:
- Specialty/Ancillary provider name, group practice/facility name, specialty, license #, NPI #, tax ID #
• IPA average current membership
• Number of claims received
• Average number of claims adjudicated in the quarter – this is obtained by dividing the number of claims received in the quarter by the average IPA membership.

The Average number of claims adjudicated received for each Specialty/Ancillary Group should be within the range of the other values established for that Specialty/Ancillary Group or the PMPM value should approximate the PMPM sub-capitated amount paid to the Specialty/Ancillary Group. If this is not the case, then the IPA should investigate whether the Specialty/Ancillary Group is not submitting complete claim/encounter data and document the IPA’s action plan for obtaining complete claim/encounter data (with follow up reports on action items in subsequent quarters).

SERVICE AGREEMENTS
The IPA must submit a fully executed Service Agreement and/or Addendum for all providers including but not limited to PCPs, specialists, facilities, ancillary providers, hospital based specialists listed in the MSA, non-targeted physicians and sub-specialists that have not been previously submitted to the HMO. There is no report template for the service agreement; however the cover sheet must be submitted with all service agreements. The Service Agreement must include:

• provider responsibilities

• requirement that provider submit a claim no less than 90 days after date of service if the HMO is the primary insurance

IPA and IPA Providers agree to accept the Blue Cross Blue Shield of Illinois PPO Schedule of Maximum Allowance for referred or emergency services provided to Members of such Participating IPA if such claims which are determined to be eligible for payment are paid within 30 days following the required 3 month grace period.

IPA Standards for Emergency Services

All IPAs participating in the HMO Network must meet the following minimum standards for emergency services:

1. The IPA is required to have a 24-hour answering service available every day including weekends and holidays to handle emergency calls. The IPA must also assure that each PCP and WPHCP provides a 24-hour answering arrangement, including a 24-hour on call PCP arrangement.

2. The IPA must provide the answering service with written guidelines and procedures that include, at a minimum, the following information:
   a) An updated schedule of the physician on call, depending on the specific schedule of the IPA.
   b) A complete list of Primary Care Physicians
   c) Written procedures for handling emergency calls which include keeping a documented log with the following information:
      1) Patient's name and age
      2) Caller's name
      3) Date of call
      4) Patient's symptoms
      5) Physician contacted and time of such contact
      6) Instructions given by service to patient (caller)

3. The answering service should send this log to the IPA at a minimum, weekly, to facilitate the IPA's ability to confirm phone contact from members. Each PCP, WPHCP and Behavior Health Practitioner should maintain an answering service log.

4. The IPA should review the answering service log for any discrepancies and problems. The Medical Director or Quality Review Committee should review any discrepancies or identified problems.

5. The IPA should maintain the log in their files for at least ten years.

6. Those IPAs in heavily ethnic areas (e.g., Spanish) should provide an answering service that speaks the particular language of the population served.

The HMO reserves the right to survey IPA's answering service to assure compliance with these standards.

Each HMO member is instructed through the Marketing Account Executive, product brochures, literature, newsletters and the IPA administration to call his/her IPA when an emergency situation arises.
Member Notification Process when a Provider leaves the IPA

As stated in the Medical Service Agreement (MSA) (Section 1.C.1.0):

the IPA agrees to notify the HMO in writing at least ninety (90) days in advance of the discontinuance of any operation of any facility, Provider, or site to Members and transition Members under care to another Provider, as set forth in the Provider Manual.

As defined in the MSA, a provider is:
any Physician or practitioner to include, but not limited to, a Physician, physical therapist, psychologist, hospital facility, health care facility, laboratory, and any other Provider of medical services licensed in accordance with all applicable Laws.

The process for member notification is listed below:

- The IPA must communicate to all affected members at least 90 days prior to the termination date.
- All letters sent to the affected HMO members must be approved by the Provider Network Consultant prior to the letter being sent. The letter must include the mailing date. At a minimum, the following information needs to be included in the letter(s):
  - If an HMO Product name is used, it must be written as follows (the first time it is cited, subsequent usage does not need to include the service or register marks):
    - HMO Illinois®
    - Blue Advantage HMO®
    - Blue Precision HMO®
    - BlueCare Direct®
    - Blue FocusCare®
  - Reason for letter-Primary Care Physician (PCP) or Participating Specialist Provider (PSP) or other provider is leaving the IPA, with effective date
  - Instructions on how members choose a new PCP and/or if members will be assigned a new PCP
  - What required actions must members take if a PSP is leaving
  - a reference that the member may call the HMO for assistance in choosing another IPA if necessary. The member should be instructed to call the Customer Service telephone number on the back of their ID card.
  - Transition of Care Language as written below:
    - If you and/or one of your family members are currently in an ongoing course of treatment and wish to receive transition of care services, you may request that you continue seeing your current physician for up to a maximum of 90 calendar days from the date of this notification. To receive this transition of care service you must submit a request within 30 calendar days of this notification by writing to or by calling:
      Blue Cross and Blue Shield of Illinois
      Consumer Affairs Unit
      300 East Randolph, 24th Floor
      Chicago, Illinois 60601
      312-653-6600
    - A dated copy of the letter must be submitted to the Provider Network Consultant prior to the member mailing.
      - If the IPA is submitting the letter with less than 90 days’ notice, an explanation must be included in the communication to the Provider Network Consultant. At the HMO’s discretion, an Administrative Complaint may be issued to the IPA if the letter is submitted with less than 90 days’ notice for each occurrence. There are situations where an Administrative Complaint may not be issued, including, but not limited to a provider death, an unexpected medical emergency preventing the provider from continuing to practice or a termination for cause - such as suspension/revocation of the provider’s license.
      - A copy of the termination notice that was sent to the BCBS network notification email must also be sent to the Provider Network Consultant.
  - In addition, the IPA must submit a template letter annually as documented on the Submission Grid referenced in this section of the Provider Manual.
